

FRANCESCA VIDUYA

francescamviduya@gmail.com | linkedin.com/in/francesca-maria-viduya | github.com/viduyafrancesca

5 years in software — 3 as an engineer, 2 as a QA analyst running manual, automation, and API testing. Recently exploring AI tooling like Claude Code as part of my workflow. Builder's instinct for testing, tester's paranoia for building.

EXPERIENCE

Software QA Developer — Button Inc.

Calgary, AB · Dec 2024–Present

- Lead manual, automation, and API testing efforts to ensure release quality.
- Collaborate cross-functionally to define QA processes for new features.

Technical Support Representative — Gatestone & Co.

Calgary, AB · Apr 2024–Dec 2024

- Provided technical support and troubleshooting for Shaw Communications' network, internet, cable, and phone services.
- Diagnosed and resolved customer technical issues via Genesys and Cisco Finesse.
- Documented customer records and solutions in ServiceNow CRM for team-wide reference.

Software Engineer — Infor PSSC Inc.

Taguig, PH · Sep 2021–Jun 2023

- Designed and developed solutions for customer-reported bugs and HCM enhancements in Lawson Pattern Language.
- Performed unit, functional, and regression testing; optimized performance of existing HCM functionality.
- Led in-depth reviews of team deliverables and provided knowledge transfer to new engineers.

Associate Software Engineer — Infor PSSC Inc.

Taguig, PH · Sep 2019–Sep 2021

- Analyzed and resolved internally and externally reported bugs using Lawson Pattern Language.
- Conducted unit, functional, and regression testing for proposed solutions.
- Provided code reviews and supported QA analysts in creating test scenarios.

EDUCATION

BS Computer Science — Technological Institute of the Philippines
